"Peace Like a River" part of the new collection by Deann featured on [Instagram](#) by Whimsy Girl Design

[Deann](#) here. A few weeks ago, I asked you for some testimonials. You delivered! (and made me cry in the process...) thought I'd share a few with you.

"We love Deann's style! From the first time we saw her work, we loved it and have several pieces of her work. We have given gifts of art to our grown children for their homes, and they love it. A few years ago we commissioned a piece for our home when it was new and we absolutely love it!"
-- Dianne, Franklin, TN

"I first saw Deann's work about five years ago and instantly was attracted to it. The first piece I bought was that day...a large painting of a barn scene. It hangs as a main focal point in our family room. Her work makes me feel at peace/calm you could say...it's so easy on the eyes. I'm not telling how many other pieces

I've collected. I just say if you love something and it speaks to your heart...then collect it. Thanks Deann for sharing your art talent." --Sarah, Nashville, TN

"When I met Deann at an in event in Jackson, MS, I feel in love with her and her work. She really puts her heart and soul into each piece. Several of her pieces now hang in our home!" -- Sara, Mississippi

"I found Deann's art on Instagram and its beauty and peacefulness got me and I had to a one! I believe everyone should own at least one! I'm in the process of saving up for another!"-- Debbie

"The first piece I saw of Deann's art was the "angel watching over me" I fell in love with it and it now hangs over our new grandsons crib. The colors are perfect for any decor. Love it ! Can't wait to buy another piece." Terri, Bloomington, Indiana

"I met Deann at the Country Living Fair. Fell in love with her and her paintings immediately. She has a sweet spirit. My daughter and granddaughter were with me and Deann signed the painting for all of us. My daughter bought me the painting for watching her 2 year old while she home schooled her 8 year old. I will cherish the painting of the church. It hangs in my family room. Thanks bunches."

"I truly love Deann's work - it is inspiring, calming and unique. The interest one of her paintings can bring to a space is something that can't be replicated."
@txposky -Dallas, TX

"I actually, picked up a magazine at my beauty salon and saw your painting featured in one of the home layouts. The painting immediately drew my attention. I loved the soft colors and barn featured. Googled you when I got home and was hooked!!!! The barns remind me of the ones my Grandpa built. I grew up in rural Illinois on an acreage and visited my Uncle and Aunts farm frequently, where many hours were spent milking cows and stacking bales of hay in their barn. One of your barns is identical to theirs!!! I purchased this one as a gift for my Little sis and her hubby at Christmas time. They loved it! Thanks for sharing your gift and creating wonderful memories!" -- Marsha, Iowa

"I've had the pleasure of speaking with Deann when there was a slight shipping issue with a print I ordered from her. She is as genuine as her paintings. When she answered the phone I was star struck!!! Not only is she running a fair company, she is as sweet as you think she is when you look at a photo of her. Some day I hope to own an original painting but the print I own is a treasured piece in my home"

"I first saw Deann's art at holiday market in Columbia ,S C. It was on preview night and I was busy helping my husband with booth. Of all things I saw her Booth stood out . This was on Thursday night. The image of a church she had painted would not leave me On Sunday I was able to get back as she and her husband was packing up. They graciously allowed me to look anyway and there stood my church. I talked with Deann because I like to feel I know the artist and why they paint what they paint. In that short time I felt like got to know her so much so, I invited her to come visit my home on the coast at Pawleys island , S.C. I have widow walk that is 45' up and the views spectacular I would to see it through her eyes because whenever you share you experience another view of God' creation . I hope she will come this summer (hinthint.....Deann))"

-Kathy--Columbia, S.C.

"I first saw Deann's work at a rustic barn sale. I was entranced by the subject matter and her style. I did not purchase anything that day but for months thought about the art and what it meant to me. Later that year, I decided that I wanted a piece of art from Deann as my birthday present. I contacted her and told her that I had seen her art and was in love with it. She painted a piece for me that is representative of my grandchildren. While I did not dictate to her what I wanted, when I picked up the painting at her studio in Franklin, I started to cry since it was so beautiful and perfect in every way. The painting hangs over my granddaughter's bed and I cherish having such a personal piece in my home. Deann is such a delightful person and very intuitive in her development of her subject matter. I am dreaming of my next Deann painting." --Sonja McMullen Nashville, TN

"Deann's art work caught my eye immediately! Especially the barn paintings. I grew up in Texas but spent almost every summer in east Tennessee at my grandparent's house. My grandmother never lived anywhere but this one corner in the country...there is an old house and an old barn on her property. She passed away 6 years ago. One day this property will no longer be in our family. I don't know what will happen to the barn and old houses but I have a painting hanging in my home that will always remind me of this wonderful place full of memories. I'm sure I'm not the only one with precious memories of old places that are disappearing. Deann's art is so full of feeling!"
